## **TIP FEE INCREASE FOR LANDFILL CONSTRUCTION AND DEMOLITION DEBRIS**

Mid-Coast Solid Waste Corporation serving the towns of Camden, Hope, Lincolnville and Rockport gives notice of a tip fee increase effective July 1, 2017. As we approach the end of the currently approved life of our construction and demolition landfill, operational costs have increased significantly. This is primarily the result of having to provide access to such a broad spectrum of vehicles to the landfill. Working areas will continue to shrink yet access needs to be as optimal as possible. The Board of Directors has therefore required a fee increase to cover our expenses. The tip fee for the landfill will increase on July 1, 2017 from \$80 per ton to \$95 per ton. For further information contact Jim Guerra, Manager, MCSW.
