Flushing Notice

Camden/Rockland Division of Maine Water will be starting our flushing program. We will begin to flush the water mains in your area as early as October 15th. Due to the flushing you may experience changes in your tap water such as discoloration or low water pressure. You may want to check the water quality before washing your laundry. These flushing activities are a vital part of our maintenance program that enables us to supply high quality water service. We apologize for any inconvenience this might cause you. If you have any questions or if discoloration persists, please contact a Customer Service Specialist at 1-800-287-1643 or 282-1543. To find out the specific areas that we will be flushing please check our website, www.mainewater.com or like us on facebook.
