

An Open Letter to Senator Collins from the People of Maine

Senator Collins,

You have said that no one in Maine asks you who you are voting for to be our next President and lead our country through the challenges of the next four years.

That's not true.

We are **200** Mainers from all across Maine who want to know the answer to this important question:
After voting with Donald Trump 94% of the time, will you be casting your vote for him for President?
