

# Your Vote. Your Voice. Our Fight.

Election Day is fast approaching. What's your plan to vote safely in the November election?

Whether you're planning to vote by **absentee ballot** or **in person**, AARP Maine wants to make sure your vote arrives on time and that your ballot is counted. Check out [aarp.org/mainevotes](http://aarp.org/mainevotes) to make your plan and be ready for November 3rd.

We're fighting to protect voters 50+, ensuring that your voice is heard on the issues that matter—protecting Social Security, strengthening Medicare, and fighting to lower prescription drug prices.

**Your voice. Your vote. It's what counts.**
